Get the app. 17053 Monitor mount for flat back TVs NOTE. For TVs with curved or recessed backs, go directly to the next page. 24. Determine the correct diameter screw needed for the TV by hand screwing it into the threaded insert on the back of the TV. If you encounter resistance, stop immediately. If you can't find the right screw, visit your local hardware store. 25. Attach the monitor brackets (L) to the back of the TV using the selected fasteners as shown above. Make sure the monitor mounts are centered and level. Tighten the screws with a Phillips screwdriver. DO NOT over tighten the screws. NOTE. When attaching the monitor brackets, lean the TV against a wall or other hard surface. DO NOT place the TV upside down on the glass, it could be permanently damaged. NOTE. If you are mounting your TV in a wall-mount configuration, after installing the monitor brackets, go to the LPP 21 XL-44E Show more Show less The Whalen Xavier 3-in-1 TV Stand offers a versatile, patented design with three different flat panel display options. Choose from swivel, wall and tabletop displays. Create the perfect viewing angle with the swivel mount options, which rotates 45 degrees left or right and supports most 70" flat panel TVs weighing up to 135 pounds. Or keep itHome Instructions Furniture Whalen Xavier 3in1 TV Stand Get official interactive 3D instructions for this product Download the app to find out what tools you need to get the job done 02:00 Average build time Access thousands of instructions from hundreds of brands Free BILT app. Save your receipt.
